Subject: RE: Draft 10 Day Letter for Oxitec Registration Technical Screen

Also, Rick indicated that the decision is likely to be not reject for now and that we had some flexibility re: the timing of rejection. Rick asked to see the 10 day letter for the registration and plans on sharing with Nancy tonight. He also asked that we communicate with Oxitec tomorrow regarding the registration application.

It sounds as if Oxitec may get another opportunity to provide information to address the outstanding deficiencies for the EUP. It wasn't clear but discussed as an option.

Chris,

Apologies for not connecting this morning during our meeting with Rick.

Can you take a look at the attached draft letter today? Rick wants to send to Nancy by C.O.B. for her input. Note the section we crafted on 6(a)(2). Thanks for all your help and input!
